

## QUALITY AND FOOD SAFETY POLICY

**SAPIN** believes that success depends on the supply of high quality products and services that meet the Quality and Food Safety requirements and the expectations of its interested parties:

**The following Quality and Food Safety principles are the foundation of SAPIN commitment to Quality and Food Safety:**

- ❖ Develop, document and implement processes and reviews to ensure that the objectives of Quality and Food safety management systems are met
- ❖ Manufacture and deliver products that meet the highest food safety and quality standards and Promoting the ongoing improvement
- ❖ Ensure all required internal and external communications committed to the Quality and Food safety compliance of the products and services are in place
- ❖ Meet or exceed all the statutory and regulatory requirements for quality and food safety
- ❖ Ensure sustainable food safety and quality performance through implementation and certification of effective quality management systems compliant with ISO 9001:2015 in all operations and FSSC 22000 ( ISO 22000:2018, ISO TS 22002-4:2013 & additional requirement) in SAPIN 2 & SAPIN 4 operations
- ❖ Maintain a highly skilled and motivated team, operating within a suitable environment
- ❖ Validate the effectiveness of the food safety and quality management systems through **Key Performance Indicators**, internal and external audit processes recognized by the International Standards
- ❖ Continual review of food safety policies to effectively manage food safety risks associated with any changes in system
- ❖ Communicate quality and food safety policy internally and externally for awareness and compliance of SAPIN guidance stated in policy and reviewed for continual improvement.
